VOL. II

STRATHCONA, ALBERTA, WEDNESDAY, OCTOBER 7, 1908

No. 126

## Liberal Meeting Last Night

Dr. McIntyre and Premier Rutherford Address Strathcona Electors

There was quite a large attendance in the Oddfellows' Hall when Dr. McIntyre held his meeting last night. There was a large number of ladies, indeed, in the front of the hall, the fact seemed to predominate. That the hall was dispensed with requests to "vote for Strathcona's progress," "Dr. McIntyre stands for progressive government," and the usual request for "five years more." The Doctor was accompanied to the platform by Dr. Rutherford, the Premier of Alberta. Mr. J. J. McKenzie, head and shoulders above anyone else, was proud of our leader Sir Wilfrid Laurier, and we are proud of Dr. McIntyre, our member.

He has rendered good service to the constituency of Strathcona. After a good reception, but it was apparent by a move of personal nature that otherwise, for throughout his address his points were applauded by a more handful of the audience which was gradually getting smaller as he proceeded.

The Doctor expressed his gratification at the reception and commented on the number of ladies present. He was pleased to see the fair sex in

## The Brutal Assault Case

At the hour of going to press Thomas Burns is still alive.

No arrests have as yet been made but one is momentarily expected.

such large numbers. He knew that when the fair sex made up their minds they generally had their way.

"I was only one in 214 in the National Parliament," said Dr. McIntyre. "Remember, I am electing a National representative. I had to be true in my faith, but he added, 'I say to you now that I have never lost an opportunity of furthering the interests of my constituents.'

"What has Dr. McIntyre done in the question asked in certain papers? One of the questions in which I have been able to give assistance has been the grading of Alberta fall wheat. Manitoba had the advertisement of Manitoba spring wheat and now Alberta has the advertisement of 'Alberta fall wheat.' When I saw that bill I had introduced would not likely be passed, I went to the Minister of Agriculture and asked him to take the clause with regard to AI. on hand and he did so.

Turning to the Saskatchewan Valley Land Bill. In the last election the Liberal candidate was returned by a majority of 200 in Saskatoon showing that the people in that locality approved. The administration of Canada during the last twelve years had

## ELEVEN KILLED IN C.P.R. ASK FOR INCENDIARY FIRE INCREASED CAPITAL

New York, Oct. 6.—Eleven persons were killed, more than a dozen injured and thirty more escaped with their lives only by the narrowest margin in an incendiary fire which wrecked the tenement house at 711-1/2 Mulberry street early today. That a deliberate attempt to burn the house and its occupants as well, there is no doubt in the mind of the police and firemen.

Three barrels stuffed with rubbish and soaked with oil were being felt in the lower floor, cutting off the escape of fifty or more persons who were sleeping on the upper floor. Some of these died in their beds while they were overcome by smoke and then caught by the flames. Others whom had been aroused too late felt unconscious before they could reach a window and were burned to death, scarcely an arm's length from safety. Many were injured by jumping from the upper windows to the street or by being crushed as they fought for positions of safety on the crowded fire escapes.

Montreal, Oct. 6.—Considerable interest attaches to the 19th annual meeting of the Canadian Pacific railway to be held Wednesday next because the meeting is to be made a special one, for the purpose of considering and if approved, authorizing an increase of the present capital stock of the company by fifty million dollars, which will make the capital stock \$200,000,000.

Sir Thomas Shaughnessy in his report to be presented to the shareholders points out that there is no immediate necessity for this money, but that the sanction of the shareholders to it is a peremptory measure, so that the directors may be able to utilize it in such amounts from time to time as may be desirable, meeting demands in improvements and extensions called for by needs of the growing country.

Another important item to be considered is a proposal of the directors to obtain substantial control, at arrangement of about \$2,000,000 of the Alberta Railway and Irrigation company

## Aftermath Of Prince Rupert The Strike Townsite Sale

Old Men Find Difficulty of Getting Back Their Jobs.

Lots Will Be on the Market in the Spring Says Hayes

Monro, Oct. 6.—The C. P. R. mechanics here were somewhat disappointed this morning when on appearing for their jobs back. Out of the 150 men only 25 were taken back. This afternoon, however, a number of strikers left and thirty more were given positions. This far 25 per cent. have obtained work. It is thought more strike breakers will leave in a few days, giving room for more of the old mechanics. The men are much dissatisfied with the terms on which they go back but are still glad of an opportunity of working.

Montreal, Oct. 6.—Anticipating the decision of the strike two hundred Canadian Pacific workers applied at the Angus shops for positions. It is not known how many were accepted. The men will go to the shops in a body tomorrow and the officials are making preparations to meet them.

Calgary, Oct. 6.—The executive committee of the men interviewed Mr. Woodhouse of the C.P.R. yesterday. He gave a list of the men wanted at work. He said that he could not at present turn out the non-union men at work. He could give no definite statement as to when all the old hands would be required. K

The men returned to work today as follows:  
All apprentices and carmen.  
79 mechanics.  
9 boilermakers.

All boilermakers' helpers.  
No machinists' helpers.  
No blacksmiths.

The only foreman who came out with the strikers has not been asked to return to work at present.

The men will go back to work side by side with men whom they have been in opposition for the last nine months. The machinists will have no union helpers and will have to take their work to non-union lather and drill men and blacksmiths.

Vancouver, Oct. 6.—An important conference regarding the Prince Rupert townsite between Mr. C.M. Hay, president of the Grand Trunk Pacific railway, and Hon. F. J. Fulton, chief commissioner of lands and works took place at the Vancouver hotel today. Various members of the presidential party, including Mr. Darcy Tass, assistant chief clerk of the railway, participated.

At its conclusion it was announced that the sale of lots at the new railway terminus would not take place until next spring. No definite date has been fixed. The railway company it was estimated by one of the officials, hopes are held to announce the details of the method of disposing of the lots embraced in the townsite, a method in which it is expected the provincial government will co-operate in carrying out.

Mr. Hay has announced late this afternoon that the building of the proposed Grand Trunk Pacific branch line from Port George in Central British Columbia to Vancouver will be undertaken sooner than had been originally contemplated. Surveyors will be placed in the field next spring. Although no arrangement had been made to acquire the charter rights of the V. W. & Y. railway held by Mr. John Hendry, of this city, and associates, it was intimated that virtually the same route will be utilized.

## LUCKY WARM SUPPORT.

London, Oct. 7.—W. R. Lawson, writing from St. Johns to the Financial Times says during the past 24 hours Newfoundland has suffered not a few indignities, forgeries and domestic. The worst of these have come from the imperial government. The colonial office, which should have stood by an ancient colony, if only out of respect for the pluck with which it fought heavy odds, was generally lukewarm, sometimes irritable and rarely sympathetic.

## Strathcona School Holds Field Day

Good Weather and an Interesting Program Make Successful Day

Sgt. Brown ..... 5  
Pte. Stewart ..... 4  
Pte. Spence ..... 3  
Pte. Pickles ..... 2  
Sgt. Brown ..... 1

Bigler Bolcher ..... 23  
Major Johnston ..... 22  
Pte. 1901 ..... 21  
Major Thibault ..... 20  
Sgt. Hoffman ..... 19  
In the McLaughlin match the scores recorded at 300 yards were:  
Sgt. Brown ..... 23  
Capt. Melnick ..... 22  
Capt. Carmichael ..... 21  
Pte. Spence ..... 20  
Pte. Stewart ..... 19  
Lieut. Ritchie ..... 18  
Major Thibault ..... 17  
Sgt. Martin ..... 16  
Pte. Ferguson ..... 15  
Pte. Galloway ..... 14  
The scores in the extra series, five shots with a possible total of 25, were as follows:  
Sgt. Brown ..... 23  
Capt. Melnick ..... 22  
Capt. Carmichael ..... 21  
Pte. Spence ..... 20  
Pte. Stewart ..... 19  
Lieut. Ritchie ..... 18  
Major Thibault ..... 17  
Sgt. Martin ..... 16  
Pte. Ferguson ..... 15  
Pte. Galloway ..... 14

## CURRENT COMMENT

Owing to a breakdown in the mechanical department, comment on Mr. McFadyen's meeting is held over until to-morrow.

(Public Accounts Committee Report, 1907, page 391.)

The SubTarget Company, composed of H. H. Wickwire, M.P.P., Charles A. Panist, private secretary to the Minister of Militia, E. H. Howett, lately Government candidate in South Toronto, and several other politicians, made a contract with the government to supply 450 sub-target machines, with an intimation from the minister that \$50,000 would be required. The price paid by the government for these machines was \$250 each. The contracting company had no plant and formed on the contract to a firm at Sherbrooke at \$64 each. It was claimed by the company that the patent right for Canada cost \$500,000. This contract works out:

Company got ..... \$112,000  
 Company paid ..... 28,000  
 Profit ..... 84,000  
 Loss price of patent right ..... 500,000

Balance ..... \$33,700  
 That is to say, on the first \$400 the company got back the whole cost of the patent and \$33,700 to the good.

Since the transaction was exposed no further orders have been given, but on the other side of the 1,500 mentioned the company stood to make as follows:

Company would get ..... \$157,500  
 Company would pay ..... 38,500  
 Take-off ..... \$102,000  
 Plus take-off on the first 450 ..... \$33,700

Total take-off ..... \$136,000  
 Plus the patent rights and profits from sale to provincial governments. The company is capitalized at \$518,000 paid up, but all that the fortunate stockholders get in was \$42,000 in cash and notes, Wickwire swore that he gave for his \$25,000 stock a note for \$500, but was never asked to pay the note. H. H. Howett, one of the party leaders in Toronto, was solicitor of the company, transacted much of the business with the Government, and at the time of parliamentary enquiry held \$50,000 of stock, half of which he got for \$500.

## PARKER AND ROOSEVELT OIL.

Baltimore, Md., Oct. 6.—When President Roosevelt so unexpectedly condemned Haskell for "his incoherent connection with the Standard Oil company he perhaps forgot" that in 1904, his Roosevelt committee received \$100,000 from the Standard Oil company for the campaign fund and spent it.

This statement by Judge Aldrich B. Parker of New York brought to their feet in a burst of wild applause some seven hundred Democratic assembled in Richmond hall to hear him. Senator John Danahoe of Virginia, W. C. Barre of New York and others disowned the name of the campaign. Continuing, Judge Parker said:

"And when Treasurer George B. Cortelyou of the national committee that year went to the Standard Oil company by appointment to ask for money for the campaign fund, he was not satisfied with one hundred thousand dollars. It may be true that President Roosevelt wrote to Cortelyou telling him to send that \$100,000 back to the Standard Oil company, but it is

equally true that Cortelyou did not send it back, but used it. And it is also true that he was never punished by Roosevelt for not sending the money back. On the contrary, he was rewarded by being made postmaster general of the United States, and later secretary of the treasury."

## NO DANGER OF WAR.

Constantinople, Oct. 6.—All immediate danger of war between Turkey and Bulgaria appears to be past. The decision of the ministerial council after all night session, commits the government to wait the result of an appeal to the powers to take measures to insure the observance of the provisions of the treaty of Berlin. A copy of the protest against any violation of the Berlin treaty has also been forwarded to Bulgaria, although many experts on international law maintain that Bulgaria's action does not constitute a violation of the treaty, as she has merely asserted her independence of foreign rule.

## THE WAR CLOSD IN EUROPE.

Constantinople, Oct. 6.—It is reported by Turkish government officials that Bulgaria acted upon the friendship of Germany in proclaiming herself free, and that promises have been made by Germany, which as yet are unknown quantities. The blow struck at the Kaimli today makes it very short of imperative that a new constitution be hurriedly if the present plans are carried out. It is known quantities the blow struck. A vast European conference with representation of all the continental powers is expected to be called to mediate on Bulgaria's declaration of independence.

London, Oct. 6.—Turkey's answer to Bulgaria's proclamation had not reached London at 1:30 a.m. today, (Tuesday). While the continental capitals are excited by fear of war in which they may be enveloped by the Balkan situation, the news of London upon this morning is that war is improbable. England feels affected at Austria's eventual abrogation of the treaty of Berlin by announcing its intention of establishing a dominion over the Turkish provinces of Bosnia and Herzegovina, but England will oppose Turkey enlarking in a war England's hope is to get the bulk of the Turkish trade in the immediate future and war would interfere with that commercial ambition, as the new and reformed Turkey looks for its political guidance to England's which today is "No war."

Meswhile the tattered treaty of the powers not yet summoned Berlin will be restored at a conference England's official attitude will be that power to alter an international treaty she cannot admit the right of any without the consent of other signatories thereto. England, therefore, will refuse to sanction any infraction of the Berlin treaty, and decline to recognize Austria's and Bulgaria's action until the view of the other powers are ascertainable, particularly those of Turkey.

Russia intends to propose a new conference of the powers to settle the entire eastern question, but the proposal has not yet formulated. A new arrangement of the powers will probably be England, Russia, France, and Italy, against Austria and Germany.

Paris, Oct. 7.—The government tonight issued a communique reading as follows:

"It is certain that France, Russia, Great Britain and Italy will do their utmost to maintain peace in the east, but it seems difficult at the present moment to judge what means will

best attain this end. All depends on what will happen in Constantinople and the steps which will necessarily ensue might very shortly place the powers in the presence of fait accompli and completely modify the expected affairs.

London, Oct. 5.—The crisis in the Balkans caused an excitement at the opening of the stock exchange. There was a sharp decline in active stocks. Consols fell one and one-half points.

Berlin, Oct. 6.—The political situation in the Balkans has depressed the bourse. Prices are lower; banks with interest in the crisis are especially affected.

Paris, Oct. 5.—Prices on the bourse broke badly. War is feared in the against 92.00 on Saturday. The Ottoman Balkans. Turkish bonds were 86.00 man bank shares are 6.50 against 100 on Saturday.

How many have the opportunity of a good education, and did not obtain it? Why? They could hardly tell you themselves, their parents would probably say laziness, stupidity, want of brains and although they cannot ascribe a better reason they feel the injustice of the statement, yet by 99 cases out of a hundred the eyes can be positively proved at fault. If in doubt, consult Dr. J. E. Speidel, Specialist, Thursday Oct. 8 is correct date.

—At Morris's Drug Store.

## TO CONSERVATIVES

All Conservatives interested in the approaching elections are invited to either leave their names and address or send them to the Secretary, Conservative Committee Rooms, Strathcona, so they may be notified in due time of their polling places. The committee rooms are in Ross Hall. Address Secretary, Conservative Committee Rooms, Strathcona.

OMS—Steam heated, electric light, free-water and sewer connected, in Old Fellows' temple—rent red roof ten dollars per month. Apply Chas. Ed. K. Cox, secretary, room No. 4, or janitor on premises.

## NOTICE.

To the Citizens of Strathcona. The first convocation of the University of Alberta will be held in Strathcona on Oct. 13 next. A large number of prominent citizens from all parts of the province will be present in attendance, and I would therefore request all citizens of Strathcona to decorate their homes and places of business and help make the city as attractive as possible on that occasion.

J. J. DUGGAN, Mayor.

## Duncan's Condition Powders

FOR HORSES, CATTLE, SHEEP, HOGS.

on horses it acts marvellously; it gives a good appetite, a glossy coat, a healthy appearance and purifies the blood; even during hard work they gain flesh and spirit. It cannot be equalled for building up broken down horses that are out of sorts and making them sleek, fat and high spirited.

Take None Other—There is None Just as Good

(Continued from page 1.)

With regard to the question of rural mail delivery, my attitude was that we have a total revenue of \$9,000,000. The United States instituted a rural mail delivery and lost \$30,000,000 on it. The Doctor also explained that Mr. Lemieux has only introduced certain stairroutes and not a system of rural mail delivery. In 22 months I have established in the constituency of

Syracusa 122 new postoffices. It has opened up 900 miles more routes and while service on 7,100 miles has been duplicated and triplicated, I have also taken a part in getting service on 1,000 miles of the mountain region. There has been relief afforded through betterly opposed in many quarters. I have had a grade made for rejection of grain. Formerly moulded grain, heated grain, sprouted grain, came in contact with it. Again the Doctor declared that his bill had been shelved but added that it had been embodied in another bill and the privilege of introducing a bill of his own in this bill. One of the advantages is that once grain is graded it cannot be mixed with any other. The members now referred to a master which created some excitement at the time, viz., Professor Robertson's speech in which he attacked western farmers. The committee had ordered that there

should be printed 25,000 copies on the subject of speech, and the doctor declares that I do not have the objectionable class struck out. "What have I done for my race?" is a question which is asked. I can only say to get things for a particular community from a National gathering, but for a poor office I have secured an initial appropriation of \$5,000, in the second place I have secured the appropriation of \$100,000 for the army. The appropriation of \$100,000 for the high level bridge has been secured by me in co-operation with the Minister of the Interior. Concerning the railway question I have said: "No man will say that the building of the C.P.R. was a wrong undertaking." Dr. McIntyre, the president, proceeded to compare the Liberal plan

form of 1893 and the Haffax platform. The comparison between the two platforms showed that in the Haffax platform there was an "if" and a "but" in every clause. He admitted that the motion to reduce the duty on agricultural implements was moved by Dr. Shafrin, a Conservative, and seconded by another Conservative, Mr. Lake. Qu'Appelle, however, declared that there was no record so he showed how any member voted. Proceeding to deal with the accusations of irregularities, he declared that suspicion is not a sufficient evidence of wrongdoing to demand investigation. Mr. Ames made no charges in the House. The Liberal government was only allocated and tied to the biggest bidder, 6,500 square miles of timber and they had made a forest reserve of 10,000 square miles, while

The total marketable timber in the Dominion was 750,000 square miles. Mr. Burr had only 435 square miles. In the Imperial Pulp Company which owned 593 square miles, Mr. B. B. Todd had 3,300 square miles of pine lands in Quebec. The double check was made by the Dominion Forester, Doctor McInnes, and he also agreed that Burr was not an extraordinarily fortunate. Throughout his speech the Doctor continually stated that he was not going on "facts" but on "possibilities." He was not necessary. His statements were obviously not facts for the people but bunkum for the faithful. The fishing lease for the Lower St. Lawrence and the Miramichi Lake had, approved of course, been not only approved but also classed as a "fact" which was "for his own use." He approved of Mr. Fielding's plan of taking \$500,000 out of the reserve and handing it to the banks without the sanction of any Parliament. He approved of the plan that had been done by the Mar-

Ona Grahn and the "transmission" railway, as also the preferential commercial with the Old Country, as his audience were obviously getting very tired he declared he would—keep them any longer. This remark produced a storm of "hear, hear" cries, and he was leaving the hall with his audience shouting "hear, hear" and "May-Moray" Millar immediately sprang up and called for three cheers for McIntyre, which were given by the followers of the party. One noticeable feature of the meeting was the number of those who had received favors from the Liberal government present, doubtless to show their gratitude for the favors they had received, and a lively appreciation of favors to come. The Doctor's delivery was excellent throughout and he is emphatically becoming an able speaker. It was a matter of regret that he carefully avoided most of the awkward questions confronting his party.

known. "Bovril" is a  
*good thing*. It is all the  
nourishment of prime beef

## Eight Reasons Why We Should Elect a Farmers Inde- pendent Candidate. " " " "

1. The farmers' interests are more closely identified with the wants of the masses of the people than are the interests of any other class or set of people.
  2. Farmers constitute at least 85 per cent. of the voters of Alberta and are scarcely represented in legislative halls.
  3. Corporate interests are represented in both Local and Dominion Legislatures.
  4. The farmers are rightly represented when they send their own representative.
  5. As in the British Empire, so in Canada there must be a *level enough* independent to the balance of power.
  6. A party representative is bound to fidelity to his party above all else, but what may be his personal conviction.
  7. The people get only what they go after.
  8. Party contests are mere "sham battles" with "blank cartridges" where smoke and a big noise beat gratitude of no injury.
  9. The great industry of the small farmer, the producer, gets and the consumer pays is credited by the kind of speculative bubble which increasing wealth only oppresses more and more the producer and consumer.
  10. The merchants decreasing trade of the past twelve months is accounted for largely by the fact that the farmers received only about 60 per cent. of the value of last year's crop. The farmer is supposed (by the speculator) to have won two things:
1. How to work.
  2. The road to market.

He, however, has tumbled into a third sphere of knowledge viz: ought to have a title to say about the price I am to receive for my own goods. Then behold a further idea is taking form, why not be represented among those who fix the laws and taxes for the farmer.

Mr. J. G. Anderson will address a meeting at the Opera House, Strathcona, on Saturday Afternoon & Evening, Oct. 10. Several other prominent speakers will be present.

The statement that the Hudson Bay railway is the paramount issue is false. There is no issue on this question. The Conservative party approve the Hudson Bay Railway as warmly as the Liberal party and will build it but without the graft which disgraced the building of the G. T. P.

The paramount issue is, Do you desire clean government and honest administration or not.

**POISONED WOUND  
COMPLETELY HEALED**

MR. WILLIAM MUMFORD of 12 Louise Street, Bradford, writes: "While walking about in soot I fell on a rusty nail which penetrated my leg deeply, causing an ugly wound. I bathed it with a weak solution of potassium permanganate. The foot was in a shocking condition, very much inflamed and swollen, and I suffered acute pain. I had to lay off work, as I could not bear to put my foot on the ground. I feared blood-poisoning. I then used the ointment and after a few days the foot suffered intense pain. Just at that time a friend told me of the ointment. I used it after using it a few days my foot was wonderfully improved. I persevered with Kam-luk, and it soon worked a complete cure. It is a wonderful medicine."

Zam-luk boils sores, eczema, skin eruption  
ulcers, ringworm, itch, barber's rash, blood poise  
bad leg, salt rheum, abrasions, abscess  
cuts, burns, scalds, and all skin injury  
and diseases. Put all these on the

with glasses. Get all stores and druggists, 10c box, or from Zam-Buk Co. Toronto, for price.

## Around the City

The Friday evening dance club met evening of this week. All members are requested to be present. Dancing at 8.30.

The meeting of the city council last evening, called to order at 8.30 minutes. After the reading of the minutes an adjournment was made until this evening.

In our issue last evening we stated that Messrs. Paré and Haly had returned from the Toronto Exhibition where they had been in charge of the Twin City exhibit. This was a mistake. It should have said New Westminster.

The regular semi-monthly meeting of L. O. L. 1654 takes place tomorrow evening, Thursday, Oct. 30, in the Orange hall. All the officers are requested to attend as there is important business to transact.

The whole of the undertakers at Alberta are engaged today on the corpse of the Liberal party preparing it for interment on the 26th. What did you say? Resurgent! We hope so.

The Calgary News in its Thursday issue devotes two columns to the editor of the Eye-Opener. For personal advice we have never seen the paper. The writer courageously confesses himself behind a nom de plume.

The Editor of the Calgary News was in Edmonton recently and eluded with the Attorney-General. Rumor had it that the News was doing what was generally called "pulling the party's ear," being reported shot of shovels. Perhaps, however, the law of criminal libel was being considered in anticipation of the Bob Edwards article.

### MRS. DUNSMUIR'S FUNERAL.

Victoria, B. C., Oct. 6.—The funeral of the late Mrs. Jean Dunsmuir, contracted a large gathering of pioneers' richest woman, held yesterday, was, one old man walking from Nanaimo to be present. Hon. James Dunsmuir, her son, who was made the defendant in a suit brought to ask for accounting of the estate, which he was stated to have secured by misrepresentation, was not expected to be present, owing to the family disagreement, but at the last moment he decided to attend and broke down during the service, held at St. Andrew's Church. It is understood that the law suit, started by Mrs. Dunsmuir, will be continued by her daughters.

### CHARLES MURPHY S WORN.

Ottawa, Oct. 5.—Charles Murphy, R.C., secretary of state, was sworn in this morning before Sir Charles Fitzpatrick, sworn in as a member of the privy council, which means that he becomes "Hon. Charles Murphy" and minister without portfolio. He will take the oath as secretary of state within a few days. Hon. W. R. Scott will remain in office till all details in connection with the sending out of election writs, etc., are cleared up.

### CARPENTERS CONVENTION.

Calgary, Oct. 6.—After attending the Imperial convention of the International Brotherhood of Carpenters at Salt Lake City, J. A. Kinney, organizer of the local brotherhood, returned to the city yesterday. The Salt Lake convention was attended by some 600 local and district councils from the organizations throughout Canada and the United States, in all about 3,000 delegates.

During the past two years the organization gained greatly in membership. A superannuation benefit to assist and financial strength, members who have reached the age of 60 years and become incapacitated was one of the important measures adopted by the meeting. Aged carpenters when they cannot earn over 75 per cent. of the usual wage in their district.

The apprenticeship system was also amended. An apprentice may now have the protection of the organization while learning his trade.

A trade insurance, which will enable a struction of his tools by fire, was in

mechanic to insure against the de-stituted.

With the exception of one, all the officers for the coming year were elected by unanimous vote. P. U. C. of the general executive board by Foley, of Edmonton, was elected unanimously.

According to Mr. Kinney, the well-known cordial one. Hon. J.C. Lister, governor of Utah, delivered the address of welcome, and did Mayor Bradford, who delivered over the freedom of the city to the visiting mechanics. The Commercial Club of Salt Lake entertained the visitors in splendid manner treating them to trips to "Saltair," a summer resort; the copper mine and smelter at Bingham and a banquet at the club's hall.

The next meeting will be held next year at Des Moines, Iowa, in 1909, that city winning the vote from San Francisco by a narrow majority.

Many of the delegates from western Canada were besieged by numerous parties in quest of information regarding land in Alberta.

**Wrestling Challenge Accepted**

The offer of Jim White, of Minneapolis, to take on any three local wrestlers, which was published yesterday, was very promptly accepted. A meeting took place in our office at noon today, which resulted in articles of agreement being drawn up between White and Bert Archer, Bill

Williams and Jack Davidson. White agreed to throw each of the three men once within an hour, each on catch-on style, or forfeit \$25 to the man who stays longest. The match is to take place within one month. It will be under Police Gazette rules, and the referee will be chosen at the ringside.

Stomach troubles would more quickly disappear if the idea of treating, as, rather than the effect, would one into practice. A tiny, inside, id in men, says D. Shoop, governs and gives strength to the stomach. A branch also goes to the heart, and on to the kidneys. When these "inside nerves" fail, then the organs must fail. Dr. Shoop's Restorative is directed specifically to these failing nerves. Within 48 hours after starting the Restorative treatment patients say they're like a gain. Sold by all dealers.

JIM WHITE.

## Questions For Dr. McIntyre

DO YOU BELIEVE in rural milk-livory.

DID YOU SUPPORT the Aylesworth Act?

DO YOU BELIEVE that the weeks spent on that act was worth the money and time?

DO YOU APPROVE of the government's attitude towards Dr. Pringle?

WHY DO YOU SUPPORT the Liberal Government after the Grand Trunk deal?

DO YOU APPROVE of the fishing rights in the lakes being alienated for a few dollars?

Being present in the house when the Hudson Bay railway was discussed do you support the statement that the Conservative party were opposed to it?

DO YOU APPROVE of take-offs in election crooks by promotion?

CAN YOU POINT to anything in this part of your constituency which is due to your efforts?

Hon. B. F. Pearson, M.P.P., Price paid by middleman \$15,830, by government, \$25,000, take-off \$9,672.

HAVE YOU EVER protested in the House against anything that the government has done? If so, refer to page in Hansard?

DO YOU CONSIDER the methods of Mr. Burrows, Mr. Turill, Mr. Fraser and Mr. Sifton with regard to timber limits absolutely beyond approach?

DID YOU SUPPORT the intention of Philip Wagner in June, 1906, after affidavits of bribery and corruption had been laid before the House? If so, why?

DO YOU BELIEVE that the report issued by Messrs. Courtney, Bain and Fyfe was an honest report? If so, do you consider the government responsible for that condition?

DO YOU APPROVE of rate-offs such as the following:

Matthew Lodge, price paid by middleman, \$5,075, by government, \$13,580, take-off \$8,505?

George T. Merwin, Price paid by middleman \$11,858.75, by government \$16,112.30, take-off \$6,773.55.
